Will Rogers Remarks:

BEVERLY HILLS, Oct. 28.—[To the Editor of The Times:] Col. T. Coleman Dupont, United States Senator from Delaware, has lost use of his vocal cords. Now I feel sincerely sorry for his personal discomfort, but if his ailment could be made contagious and he distribute it among his brother members of the Senate his illness would prove to be a tremendous national blessing.

McAdoo Insists He's in Earnest

WASHINGTON, Oct. 28.—(P)—William Gibbs McAdoo insisted today that he is not of politics and dismissed the subject with a remark that he is an "ex" in this line.

Spanish Homes

Among the delightful homes offered for sale in Times Want Ads are a number of Spanish type, so popular in Southern California.

Italian Vessel Calls for Help

VINEYARD HAVEN (Mass.) Oct. 28.—(P)—Calls for assistance from the Italian steamer Labor were picked up shortly after midnight by Royal Barge, a wireless operator here.

TURKS COOPED FOR CENSUS

Artificial Teeth Skillfully Made

WHEN you get a set of artificial teeth there is but one thing worth considering, and that is satisfaction. A cheap set, made on the factory plan, will cause endless worry, embarrassment and suffering. Plates that do not fit are little better than no teeth at all.

In offices using the E. R. Parker System are skilled dentists who make artificial teeth exclusively. They do this work exceptionally well because they specialize upon it. The plates they make are guaranteed to fit and to wear for years.

Particular skill is employed to make artificial teeth look natural, and to fit so comfortably and snugly that you can eat and laugh and talk without revealing that your natural teeth are gone.

The price for these satisfactory plates is moderate. You are invited to call and have an examination of your mouth made without charge.

HINDUS AND MOSLEMS REACH COMPROMISE
CALCUTTA (India) Oct. 28. (AP)—A conference of Hindu and Muslim leaders called to solve communal problems under the auspices of the All-India Congress, today advised the right of Moslems to sacrifice cows which the Hindus hold sacred as a part of their reformation theory at any time but not in public places. In return, Hindus will be allowed to hold processions with music at any time.

STUDEBAKER
THE GREAT INDEPENDENT

DICTATOR 4-DOOR SEDAN
\$1195

Dictator sets record of over a mile-a-minute for 24 hours

No stock closed car selling for less than \$1400 has ever equalled this record made at Atlantic City, October 10 and 11, under sanction and observation of American Automobile Association.

1483 miles covered by Dictator Sedan in 24 hours (total elapsed time). Average speed 61.795 miles per hour. No repairs. No stops except for oil and gas.

Studebaker's great engineering and research staff under the direction of D. G. Roos and W. S. James have developed in The Dictator a worthy companion car to the great Commander, which, as announced recently, holds all stock car records up to 24 hours, including 5, 10, 50, 100, 500 and 1000 miles, and 1, 3, 6, 12 and 24 hours.

Either Dictator or Commander may be driven 40 miles an hour from the day you buy the car—new.

Either car gives thrilling performance with ordinary gas.

Either car is a splendid example of the One-Profits value which Studebaker's \$104,000,000.00 of actual net assets make possible.

Disbarment Trial Given Continuance
Disbarment proceedings, begun against Attorney John A. Coleman in Superior Judge Tappan's court yesterday afternoon, were not completed by 6 p.m., yesterday and were continued until next Friday afternoon to hear character witnesses. The proceedings, brought by a grievance committee of the Los Angeles Bar Association, charge that Coleman, as counsel for Melstiner and Dempsey, was guilty of a judgment of court costs for \$45 to his own use instead of paying witnesses in the case, after he had received a fee of \$50.

The case in which Coleman was counsel for Melstiner and Dempsey was tried in December, 1925, and John H. Carly was the plaintiff. On the witness stand in his own defense, Coleman declared that in the case of Carly vs. Melstiner and Dempsey, he was informed by the defendants that the first \$50 a defendant was to pay was to be retained and if he won the suit he should receive more. He said that it was explained to him that the witnesses in the case did not desire any fee for testifying and that the \$45, in his belief, was meant to be the other part of the promised fee if he won the case, which he did, he explained.

He had further dealings with Melstiner in bankruptcy proceedings in 1926, he testified, and received other fees, and later a demand was made upon him by Mrs. Melstiner for the \$45 court costs in the first case. He said that as Mrs. Melstiner was not a party to the action and became abusive he ordered her out of his office, and the charges followed.

CARNIVAL ON TONIGHT
Venice Halloween Celebration Set to Run Till Morning

Clown bands, confetti, yama-yama girls, noise and everything that goes to make Mardi Gras, is promised at Venice tonight. The carnival spirit will be maintained throughout the entire night.

The Venice Amusement Men's Association, according to President H. C. Volden, has obtained the co-operation of the studios and with arc lights and special props will endeavor to make this an eventful night.

While Halloween actually falls on Monday this year, Venice has selected tonight for its celebration in order that the crowd may remain as late as it chooses.

The Pacific Electric has made arrangements for all-night car service. The red cars will maintain a service of ten minutes to and from the beach during the entire night.

TAX QUIBBLING GIVEN REPROOF

Simplification Committee Reports to Congress

Advices Sacrifice of Ideal for Accomplishment

Undecided Cases Pending Listed as 19,000

WASHINGTON, Oct. 28. (AP)—Administration of the Federal income tax laws has been turned into a legal battle instead of an administrative one, the special committee appointed to draft recommendations for simplifying tax machinery reported today to the joint Congressional committee on tax simplification.

The committee concludes that "at root, the major problem is one of personnel." "All tax cases," its report adds, "cannot be closed upon a basis of absolute accuracy. To attempt to do so is to sacrifice accomplishment to unattainable ideals. Prompt and final settlement is often more important than meticulous accuracy."

"The collection of revenues is primarily an administrative and not a judicial problem. As far as the Federal income tax is concerned, a field of administration has been turned into a legal battlefield."

The report was prepared by a committee of tax experts consisting of Alexander W. Gregg, former general

TABLES TURNED AT "SHOW-UP"

Bandits Identify Thirty-Two Who Were Victims of Their Robberies

CHICAGO, Oct. 28. (AP)—Bruce Kamma, Chester Klinger and two companions were confronted with 400 victims of recent hold-ups in Chicago at the police "show-up" today.

Kamma suggested that many victims had been so terrified at the time of the robberies that they would be unable to make identification.

"If we see any of the fellows we held up we will point them out," he offered.

The prisoners identified thirty-two.

counsel for the Internal Revenue Bureau, Charles R. Wach, assistant to the Commissioner of Internal Revenue, and Ellsworth C. Alvord, special assistant to Secretary Mellon.

Pointing out that there are now more than 19,000 undecided cases pending before the Board of Tax Appeals, the report says that the Internal Revenue Bureau should close "fairly and finally" more cases, and should cease "shifting responsibility to the general counsel's office and to the board and the constant reopening of cases as a result of decisions of the courts or the Board of Tax Appeals or a change in regulations."

LOREE MERGER TALK RESUMED

Eastern Railway Executives Reopen Conferences

Pennsylvania Lines Willing Now to Negotiate

Further Conferences Likely to Develop Plans

NEW YORK, Oct. 28. (AP)—L. F. Loree, whose plan for a fifth trunk-line system from New York to the Mississippi River crossings has become a matter of major importance in eastern railroad-consolidation projects, today was present for the first time at a meeting of eastern trunk-line executives, called to discuss ways and means of effecting a satisfactory reorganization of the roads.

Today's meeting, a resumption of similar conferences which were broken off last spring, was attended by Patrick E. Crowley, president of the New York Central; W. W. Atterbury, head of the Pennsylvania; John J. Berner, president of the Erie, who represented the Van Sweringen interests; Daniel Willard, head of the Baltimore and Ohio, and Mr. Loree, president of the Delaware and Hudson.

Previous meetings, which have been intermittently in progress since 1924, were interrupted in the spring when it was made known that the Pennsylvania had taken up the Loree

COOLIDGE BACKS OIL FUSION

WASHINGTON, Oct. 28. (AP)—Legislation which would permit a closer co-operation between producers of petroleum, in the opinion of President Coolidge, would be a desirable step toward conservation of this valuable product. He is not prepared to say, however, whether he would favor a revision of the antitrust laws to meet the needs of the industry.

This view was made known at the White House today in connection with an inquiry as to whether the chemical industry has asked the President for his support for legislation which would enable it to curtail production of its products. The President has received no such communication and he believes it more likely that such a request would come from the petroleum industry.

On the assumption that petroleum is of a very limited natural supply, Mr. Coolidge feels that something should be done to conserve it.

cause. The Pennsylvania had refused to concur in the original plan.

Although the meeting was closed and executives attending maintained complete silence regarding what transpired, it is deemed fairly likely that the discussion amounted to more than a preliminary exchange of views. It is expected that further conferences will develop within a short time.

Princess Raps Scandal Films

SAN FRANCISCO, Oct. 28. (AP)—British film fans are not interested in drawing-room scandals but prefer outdoor films based on adventure, declared Princess Collette, daughter-in-law of Russia's last Prime Minister, when she stopped here today en route to Hollywood to study motion-picture methods for a British film company of which she is the head.

The Princess said that the picture of English lords and ladies and the chief motives behind the sudden demand for more home-made British films.

Dr. Work has asked E. W. Clark, president of the American Petroleum Institute, to select three members of the industry for such a committee, which also would include three government representatives and three from the American Bar Association. The committee would draft a tentative bill for consideration by the oil board prior to its submission to Congress.

GUARD UNIT MUSTERED OUT
SACRAMENTO, Oct. 28. (AP)—Mustered out today of Company A, One Hundred and Eighty-fourth Infantry, California National Guard, located at Merced, because of laxity in the care of property and attendance, was announced by Adj.-Gen. Mitchell.

The unit will be assigned to another city.

MOTOR TRANSIT STAGES
and
Connecting Stage Lines

Provide Convenient Travel Everywhere

YOSEMITE FIRST IN PUBLIC FAVOR

Most Popular of Nation's Playgrounds

Year's Attendance Shows Total of 490,430

Those Visiting All Parks Number 2,797,840

WASHINGTON, Oct. 28. (Exclusive)—Yosemite National Park made a new record this year as the most popular playground of all the national parks of the United States.

The total number of visitors at the Yosemite in 1927 numbered 490,430—a trifle under half a million.

Last year it was only 374,200 and the increase this year over last year was over 30 percent.

This increase alone was greater than the total number visiting Yellowstone National Park this year.

Even with President Coolidge and his party as a drawing crowd, the total visitors to Yellowstone for 1927 was 200,000.

The distribution of this tremendous number of outdoor lovers of the United States is as follows, the bulk of which arrived in automobiles but the figures are not yet compiled showing the percentage of motor visitors as against those by other modes of travel.

The following table shows the total number of visitors to the national parks in 1927.

Yosemite National Park 490,430

Yellowstone National Park 200,000

Grand Canyon National Park 150,000

Mount Rushmore National Park 100,000

Lincoln National Park 80,000

Washington National Park 70,000

Rocky Mountain National Park 60,000

Glacier National Park 50,000

North Platte National Park 40,000

Wind Cave National Park 30,000

Devils Postpile National Park 20,000

EXPLOITING OF TIDELAND AREA ENDED

State Official Holding Up Drilling Permits Where Scenic Values Suffer

SACRAMENTO, Oct. 28. (P)—Moving to protect the scenic value of California's coast highways, B. B. Meek, Director of Public Works, has ordered postponed action on all requests for access over highways to tidal oil lands contiguous to paved thoroughfares.

Meek's action followed receipt of an application from oil explorers to cut the Ventura highway so that they might enter the tidal lands for their exploitation work.

The State has expended approximately \$400,000 in completing this section of the highway.

It is declared construction of oil derricks on tidal lands adjoining the highway would destroy the scenic value that attaches to the highway and which attracted visitors from all parts of the world.

In the meantime, the law under which tidal lands are leased by the State is being revised.

That State official has refused under a recent amendment to grant additional permits and is being sued by the applicants.

If the court rules the old law is invalid, the highway problem will be solved for the State, but Meek announces that if the law is upheld, other efforts will be made to prevent derricks from marred the scenery of the highway.

REBELS DUE FOR LOSS OF CIVIC RIGHTS

All Found Guilty of Aiding Revolt to be Barred from Voting and Public Office

MEXICO CITY, Oct. 28. (Exclusive)—All those found guilty of participation in the recent Cuernavaca revolt will be penalized by a ten-year loss of citizenship rights, newspapers here announce today.

They will be barred from voting or holding any public positions.

Judges who are presiding at hearings of those charged with participation in the revolt will be instructed to include this penalty in their decisions.

Special dispatches from Cuernavaca report that the rebel chief Juan Jose was captured and executed by Federal troops near El Riego.

State of Aguas Calientes, after his men had been defeated by the Federal forces. The troops and farmers of the district are pursuing the remnants of the band which have returned to the mountains.

JURY DISCHARGED IN TEXAS FLOGGING CASE

FORT WORTH, Tex., Oct. 28. (P)—A jury of twelve men and two women, after five hours and forty-five minutes of deliberation, today before Judge Harry Conner, former city detective, was tried for alleged participation in the flogging of Morris Strauss, plumbing supplies dealer, was discharged this afternoon by Judge Henry of Criminal Court.

The specific charge against Conner was violation of the State antislavery law and aggravated assault.

MOTOR ORGANIZATIONS WILL BE CONSOLIDATED

NEW YORK, Oct. 28. (P)—Consolidation of the Motor and Accessory Manufacturers' Association and the Automotive Manufacturers' Association, was announced today.

The enlarged organization will bear the name Motor and Accessory Manufacturers' Association.

FRENCH FLYERS WANT TO LAND IN MEXICO

MEXICO CITY, Oct. 28. (P)—Permission for the French flyers, Dieudonne Costes and Lieut. Joseph Le Bris, who flew to Buenos Aires from Paris, to land in Mexico has been asked by the French Minister in a note to the Mexican Foreign Office.

The stop would be made on their proposed flight from Buenos Aires to the United States. It is believed that the necessary permission will be granted.

California Development Association in Annual Meeting Here

Reports Covering Virtually Every Phase of California's Myriad Activities Were Submitted Yesterday to Directors of the California Development Association at the second annual meeting of the board at the Alexandria. Vital recommendations affecting development of the State emanated from the board following study of these reports. Photo shows board in its final business session. (Photo copyright by Keystone.)

A Happy Smile wreathed the features of E. B. Fox, deck steward on the S.S. City of Los Angeles, when the liner docked here yesterday. In mid-ocean, Fox received radiogram announcing arrival of nine-pound daughter at home here.

Gradually Breaking Up Under the Merciless Lash of the Waves, the lumber schooner Coos Bay, pride of the Pacific Coast Lumber Company's fleet, is doomed to destruction on the rocks at Land's End, just outside the Golden Gate at San Francisco, where she went aground last Saturday. An idea of the battering is conveyed above. (P. & A. photo.)

Nearly Half Century of service as a mail carrier is the record of George Becket of Providence, R. I. It is estimated he has walked 150,000 miles. (A. P. photo.)

White Beaded Silk gown and formal head-dress, as displayed above by Kathryn Carver, form combination popular in the smartest Hollywood circles.

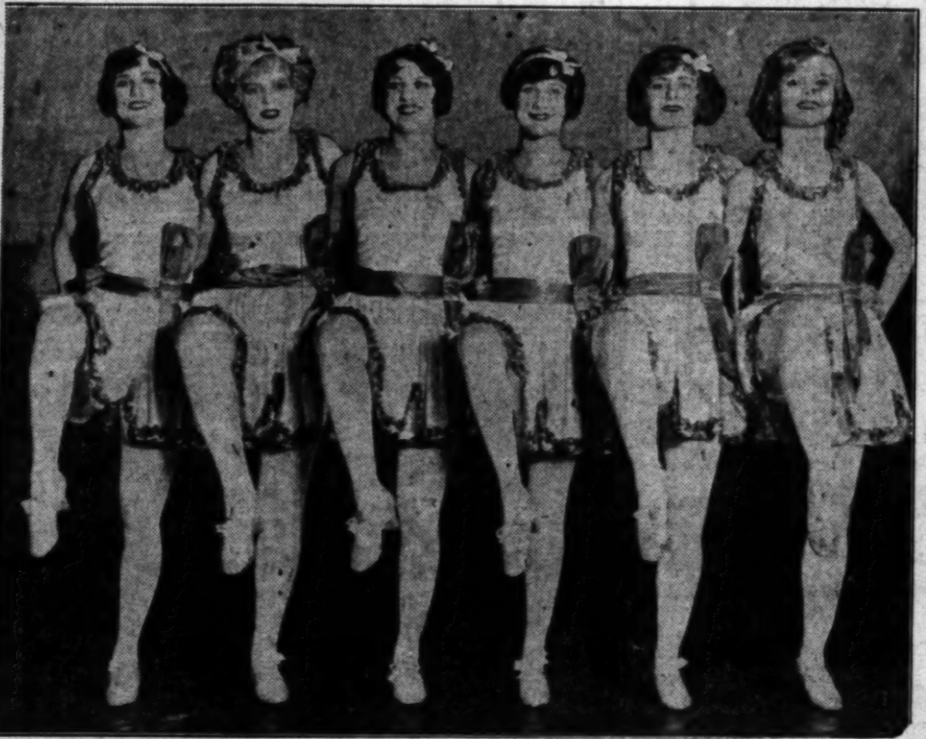

Confetti, Hilarity and Novelty Attractions will combine to provide entertainment and amusement for the visitors to the annual three-day Halloween carnival which opens Monday at Venice. Lucille Miller (above) is one of the official hostesses.

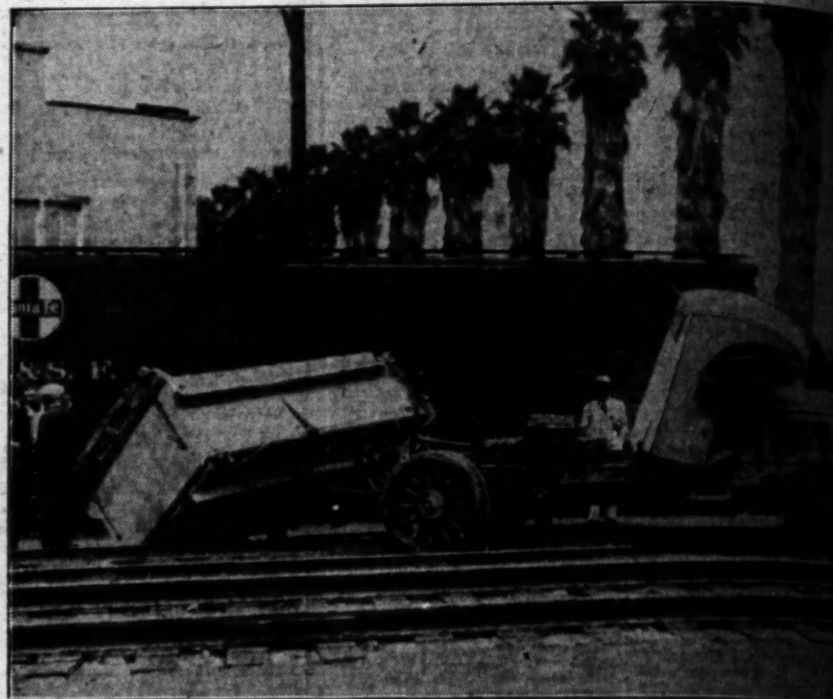

Their First Glimpse of Fountain Head from which comes the goat milk that is making them strong, is being had by these crippled kiddies from the California Clinic for Crippled Children. The clinic is staging a six-day Charity Hi Jinks at Cinderella Roof beginning Monday night.

Still Carrying On, Mrs. W. L. George, widow and collaborator of the late English author, is at work on novel planned before husband's death. (Herbert photo.)

It Sounds Strange, But Even Theater Treasurers Run Short once in a while, proof of which is contained in the announcement that the local gentlemen of this calling will stage a midnight Halloween frolic at the Mayan tonight for the purpose of raising funds. The "Twinkle, Twinkle" Sweet Sextette will help with the entertainment.

The Death Toll in Collision Between Truck and Passenger Train No. 41 on the Santa Fe line at San Dimas yesterday, last night had reached six with a seventh of the twelve occupants of the truck not expected to live. All the victims were workmen on the San Dimas dam. Photo shows truck where it landed after it hurled sixty feet. (P. & A. photo.)

First Photo of Sensational Petlura Trial to be Received Here is presented above. It shows Samuel Schwartzbard, the defendant, seated in the dock and surrounded by guards in Paris courtroom shortly before he gave his impassioned description of the killing of Gen. Petlura, former President of Ukraine. Schwartzbard was acquitted. (P. & A. photo.)

A Modern Utopia in the South Seas has been dreamed up by Ray Dean, Orpheum player, who will take his troupe to the islands in the hope of making a fortune. Dean and his wife are shown locating island on map.

New Ambassador to the United States from Belgium arrived at Washington this week. He is Prince Albert de Ligne, who succeeds Baron de Cartier. (P. & A. photo.)

The Ball Which Mighty Babe Ruth slugged out of the park in his first world series home run this year is the property of Ray Olds of Los Angeles. Meusel having salvaged the sphere and passing it to Olds. It is autographed by every player on the championship Yankee club.

EGGS FOOD AS DEATH COMES

Young Man Fatally Wounded and Keeps Name Secret

Recovered Trying to Break Into Business House

Clues of Paper Indicate Victim of Misfortune

ROSBOROUGH, Oct. 28.—Going to his death with the seal of silence on his lips, a young stranger, shot by Night Watchman Fred Parish, shortly after midnight, expired while being conveyed to the hospital.

Dr. J. H. Vanvorhies and Chief of Police Springler to the Kings County hospital near Hanford this morning.

Parish, it is said, came upon the man as he was about to open a rear window in an alley between the Garden and Harrison streets prior to effecting an entrance.

Upon the men evading him, he ordered him to get up his hands. Falling to comply, he took and ran. The watchman called on him to stop, then fired three shots in air and a third that struck the man in the back.

He dropped in his tracks. He declined in answer to interrogation to disclose his identity. He said: "I am hungry. Give me something to eat." Dr. J. H. Vanvorhies was summoned and after six hours of blood from a wound above the left kidney started company with Chief of Police and the wounded man, who was unconscious and exhaled his last breath.

His body was removed to a local hospital. Coroner O. D. Vanvorhies notified and began an inquest and an inquest is to be held. The bullet which entered the left kidney ranged upward toward the left shoulder, indicating that he was shot while bending or crouching.

There was no money or personal belongings other than a slip of paper "A. Schwartzkopf, attorney, Los Angeles, Kan." written in ink on a folder of a Los Angeles company, with William E. St. Joe, Mo. E. L. Green, Roy and other names illegible.

There was a hint of a hidden room in a excerpt torn from a paper that could not be identified. "There is no real in saying to one's partner, if it is, Mr. or Madama, you are not what you wish to take it, I am not happy with you, and give me too much reason to believe that you are not happy with me. Neither of us is at his best to-day. Happiness you gave me. God bless us for the trouble we have had together. God grant us better luck next time."

The context was missing and there was no indication whether or not the man was personal. Photograph and fingerprints taken to assist in investigation.

The dead man was apparently 25 or 26 years of age, five feet eight inches tall, slender, with brown hair, eyes, clean shaven and wore a dark suit, a sleeveless vest, a white shirt, a white necktie and a white pocket square.

There was no money or personal belongings other than a slip of paper "A. Schwartzkopf, attorney, Los Angeles, Kan." written in ink on a folder of a Los Angeles company, with William E. St. Joe, Mo. E. L. Green, Roy and other names illegible.

GIRL "BAIT" FOR MANTRAP

Portland Maid Barely Saved from Death at Hands of Double Murderer in Police Snare

PORTLAND (Or.) Oct. 28. (P)—In a melodramatic trap police today arrested a man just as he was about to strike a girl with an upraised hammer. He was identified by officers as John A. Cender, sentenced about twelve years ago to life in prison for a double murder.

The girl, whose name was withheld, a third time she advertised and the advertised for a position as nursemaid and received a telephone call from a man giving the name of S. B. Warner. He asked her to meet him at a certain street corner. She went there twice, accompanied by her father, but "Warner" failed to appear. Later she again advertised, Warner answered and made another appointment. The girl went to the place with her mother, but he did not appear.

MEXICO BUSY ON HIGHWAY PLANS

Sonora Joins Government to Push Thoroughfare

Road From Border South Will Start January 1

Sign-Posting of Arizona Main Arteries Ordered

TUCSON (Ariz.) Oct. 28. (Exclusive)—Authorities again declare that plans have been made for early construction of a Mexican West Coast highway.

Gov. Fausto Topete of Sonora states that 2,350,000 pesos jointly will be spent by the nation and State on this work southward from the border, beginning January 1.

That a through road is essential to further development of the country is generally acknowledged in Sonora.

WILL POST HIGHWAYS

PHOENIX, Oct. 28. (Exclusive)—The main highways through Arizona are to be guarded by stop signs, placed by the State Highway Commission at the intersection of each side road.

There also is a probability of regulation of roadside advertising, which now encroaches upon the space needed for official signs and distance markers. Request has been made that stop signs placed by the city of Glendale on the main stem of the Prescott highway be removed.

OLD LAW ENFORCED

PHOENIX, Oct. 28. (Exclusive)—Charges that the agricultural exemption feature of the old gasoline-tax law was overworked by Arizona farmers appear to have a degree of support in the first report of receipts under the new tax law, which demands an affidavit from the individual who seeks relief from payment.

This affidavit must go with the application for refund made to the State Highway Department. Despite the fact that the tax on August 11 was raised from 3 to 4 cents a gallon, the refunds have become almost negligible. Protest already has come from the farmers and a bill in the current legislative session seeks return to the old system.

FUGITIVE KILLS PASSENGER

PHOENIX, Oct. 28. (P)—Edgar Campbell, 29 years of age, of Amarillo, Tex., was shot to death early today by James F. Wilson, construction engineer, who emptied his automatic pistol when he believed thieves were attempting to take his automobile.

Campbell, with his brother, Mark Campbell, 28, was turning his car in the street in front of Wilson's home. They had just taken their father, A. W. Campbell, to a physician's residence near by for treatment.

BANK TELLER ADMITS SHORTAGE OF \$95,000

OLIVE HILL (Ky.) Oct. 28. (P)—A \$95,000 shortage in the accounts of Green Hicks, assistant cashier of the Carter County Commercial Bank, was announced today by State bank examiners. They stated that Hicks admitted the shortage. Stockholders made up the loss.

TWO KILLED IN CRASH

SALEM (Or.) Oct. 28. (P)—Sylvester Decker, 30 years of age, and Allen Decker, 18, were killed, and Mrs. Sylvester Decker possibly fatally injured when their automobile was struck by a Southern Pacific gasoline car at Nesmith Station today.

Extradition of Athlete Asked

SPRINGFIELD (Ill.) Oct. 28. (P)—A requisition has been signed by Gov. Small for Jole Ray, crack distance runner, against whom a warrant charging non-support has been issued.

Ray has been working in Gary, Ind., and his wife lives in Chicago.

CHANGES ORDERED IN HOME FOR BLIND

SACRAMENTO, Oct. 28. (Exclusive)—As a result of the hearing held this week on charges that gambling and bootlegging were practiced by inmates of the Industrial Home for the Adult Blind in Oakland, Earl Jensen, State director of institutions, today instructed Douglas Keith, superintendent of the home, to make changes designed to improve conditions at the home and eliminate dissatisfaction.

SON OF BASEBALL CLUB OWNER DEAD

WASHINGTON, Oct. 28. (P)—Bruce C. R. Griffith, 11-year-old adopted son of Clark C. Griffith, president of the Washington American League baseball club, is dead here of septic poisoning.

PLANES USED TO COMBAT STRIKE

Colorado Chief Sends Scouts to Coal Fields

Hundreds of I.W.W. Gather in Mass Meeting

Girl Leader of Unionists Hurt Leading Mob

DENVER, Oct. 28. (P)—The first military gesture of the State of Colorado in the strike of coal miners called by the Industrial Workers of the World came today when Gov. Adams dispatched three National Guard airplanes to the Southern Colorado coal fields.

The planes were unarmed but Gov. Adams decided they would have salutary effect in preventing any possible disorders in the coal fields.

In the meantime the National Guard was preparing for mobilization in case conditions in the coal fields became too serious for the county authorities to handle.

I.W.W. MASSING

The situation appeared the most serious in Huerfano county, where several hundred striking miners and I.W.W. members were massing. The Northern Colorado "pilgrimage" of miners arrived in Walsenburg this afternoon and added over 300 strikers to those from Trinidad, Aguilar and other southern mining districts who have spent the day in Walsenburg.

When the strikers are concentrating all their efforts to close up the mines of the vicinity still operating, huge mass meetings and demonstrations are planned there for tonight.

QUET IN NEW MEXICO

E. H. Wetzel, general manager of the Colorado Fuel and Iron Company, largest operators in the Colorado coal fields, announced today that no further attempt will be made to keep pickets from their mines. He said guards will be stationed to protect property, but that no effort will be made to drive back the pickets.

The effect of this action will not be determined until the mines attempt to start operations tomorrow morning.

Marion Davies's Sister Patches Up Marital Rift

JERSEY CITY, Oct. 28. (P)—Hollywood gossip caused a misunderstanding that brought George Van Cleave and his wife Rose, sister and double of Marion Davies, an actress, to Chancery Court today in a fight to determine future custody of their only child, Patricia, 8 years of age, said Van Cleave.

His statement followed a two and a half hour conference out of court with his wife whom he had not seen in six months and as a result of which he expects their differences will be composed before the hearing is resumed November 1.

CHANGES ORDERED IN HOME FOR BLIND

SACRAMENTO, Oct. 28. (Exclusive)—As a result of the hearing held this week on charges that gambling and bootlegging were practiced by inmates of the Industrial Home for the Adult Blind in Oakland, Earl Jensen, State director of institutions, today instructed Douglas Keith, superintendent of the home, to make changes designed to improve conditions at the home and eliminate dissatisfaction.

Jensen declared the hearing failed to substantiate the charges of gambling among inmates but the testimony indicated there had been drinking and some cases of drunkenness, although the source of the liquor was not revealed.

SON OF BASEBALL CLUB OWNER DEAD

WASHINGTON, Oct. 28. (P)—Bruce C. R. Griffith, 11-year-old adopted son of Clark C. Griffith, president of the Washington American League baseball club, is dead here of septic poisoning.

The MIEN'S SHOP at the MAY CO PROMOT

Going to the Big Game?

OF COURSE you are. If not among the 80,000 who will be there in person... if not among the hundreds of thousands who will "listen in"... you'll be there in spirit, along with the rest of California, when the Trojans clash with the Bears, in the epochal event of the year.

All over this great country other crowds will be gathering... but not for such a classic as ours... not under such skies as ours... not in the same spirit of universal youth which is ours.

That is something characteristically Californian... typical of this ageless land of ours. Back East, leaden skies and chill, coonskin coats, mufflers, galoshes, footwarmers. Out here, radiant sunshine, balmy warmth... and "Clothes Californian."

"Clothes Californian," like the men who wear them, do not date. They are as buoyantly alive, as colourful, as much in keeping with the day and the spirit of the land as the massed crowds there in the rooting section. They're built to order for men who play the game.

CLOTHES CALIFORNIAN

"CLIMATICALLY CORRECT"

BEARS AND TROJANS BATTLE IT OUT ON COLISEUM TURF THIS AFTERNOON

STRONG RUNNING ATTACK HOPE OF TROJAN ELEVEN

Eisan May Be Big Star for Bears

By HAVEN DYER

The most powerful running attack in the Pacific Coast is expected to be seen in the Golden Bears' game with the Trojan eleven at the Coliseum this afternoon.

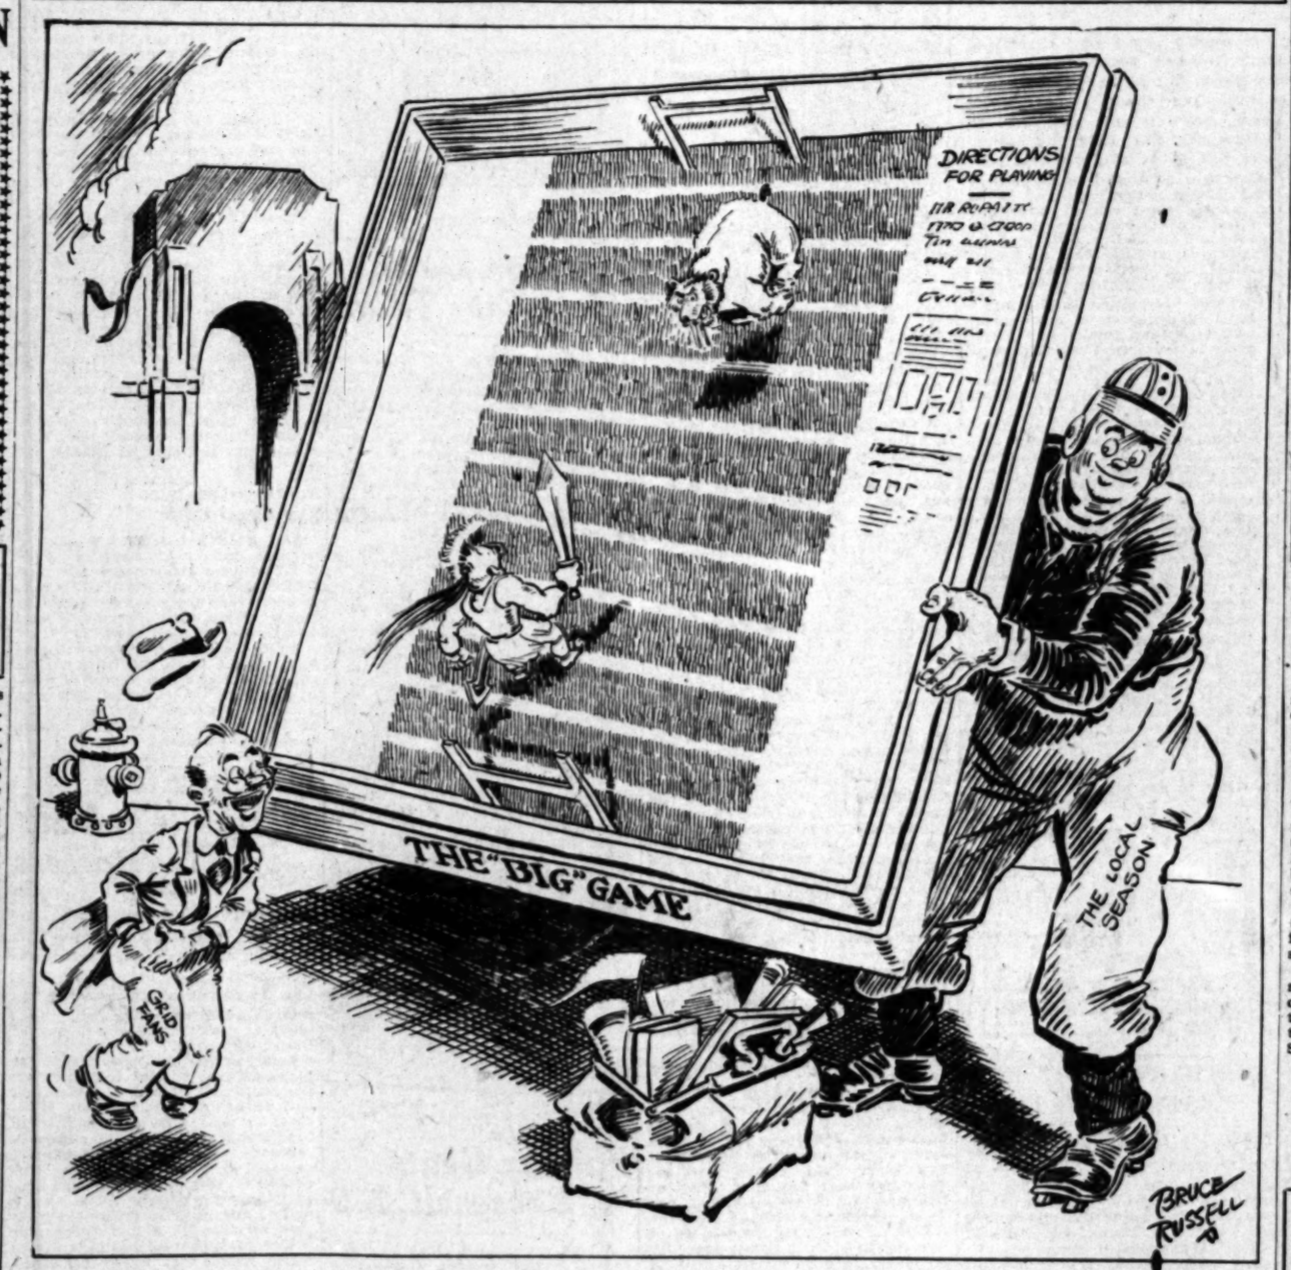

Ralph Dougery and Jim Dougery, brothers, are regulars on California's team. The former plays fullback and the latter end. Harry and Frank Gill are two more brothers performing on Nibs Price's team. Harry is guard and Frank a halfback. Benny Lom and Brick Marcus, the two Jewish backfield stars, are cousins. Lloyd Thomas, halfback, and Max Thomas, fullback, are the only brothers on the Trojan squad.

Golden Bears Have Edge in Contests Won

Cosch Nibs Price's Golden Bears have a distinct edge over the Trojans when past victories are considered. Southern California has won but two games during the past eleven years, one in 1916 and the other last season. The score in 1916 was 28 to 10, but the Bears turned around and won a second game played that season, 23 to 21. Last year the count at Berkeley was 27 to 0. The Golden Bears have an impressive record of 171 points as compared to 120 for Southern California in those eleven contests.

Following are the past scores: 1916 California, 28; S. C., 10. 1917 California, 27; S. C., 0. 1918 California, 27; S. C., 7. 1919 California, 14; S. C., 13. 1920 No game. 1921 California, 35; S. C., 7. 1922 California, 12; S. C., 0. 1923 California, 12; S. C., 7. 1924 California, 7; S. C., 0. 1925 No game. 1926 California, 0; S. C., 27.

"I'LL TAKE IT" By Bruce Russell

SECRET OF CALIFORNIA "MYSTERY TEAM" TO BE REVEALED HERE TODAY

Nibs Price's Eleven Established as Favorite by Virtue of Five Straight Victories

BY PAUL LOWRY

The secret of the California "mystery team" will be revealed at the Coliseum this afternoon when the Golden Bears meet the U.S.C. Trojans in one of those hectic football struggles that has everybody and his neighbor delivering dollar-a-year orations on the outcome.

Records Show Trojans Best on Offensive

A glance at the scores made by California and Southern California in their games this season shows that the Bears are the best defensively, while the Trojans have the more imposing offensive record. California has a record of 184 in the same number of contests. The Bears have had but 6 points scored against them, while Southern California has 37 points on the debit side of the ledger.

California's lowest score was a 14-0 against Slip Madigan's St. Mary's outfit. The count being 13 to 0. While the Bears have won all their games, the Trojans have a tied game with Stanford and four victories.

California's record: California, 14; Santa Clara, 6. California, 14; Nevada, 0. California, 12; St. Mary's, 0. California, 16; Oregon, 0. California, 21; Olympic Club, 0.

(Continued on Page 13, Column 4)

TEAMS TO DRAW \$200,000 IN GAME TODAY; THIRD SELL-OUT IN COLISEUM'S GRID HISTORY

When California and Southern California oppose each other in the Coliseum this afternoon there will be approximately 75,000 fans in attendance. They will pay around \$200,000 to see the two teams battle for the right to remain in the Pacific Coast Conference race.

The sell-out is the third in the Coliseum's grid history. Last year the Southern California-California game completely filled the huge bowl, the place being sold out the day of the game.

The last time California appeared here against the Trojans was in 1923, the year that the Coliseum was officially opened. The crowd that day

Mickey Riley Brings Trophy From Hawaii

Bringing with him something new in silver trophies—a huge loving cup of distinctively Japanese design and covered with ornate engravings that no one on the ship could read, little Mickey Riley, crack L.A.C. diver, returned yesterday on the steamer City of Los Angeles from the recent invasion of the Orient by the American swimming team organized following the recent national championships in Honolulu.

Five of the best aquatic stars at the recent national championships in Honolulu.

(Continued on Page 13, Column 1)

RABBIT PUNCHES

BY PAUL LOWRY

How good is California? For five years that question has been asked. There was only one answer. California was it. For five years California was unbeaten. No other college on the Pacific Coast ever established a record like that except Washington. The Huskies had a clean record for ten years under the direction of hard-boiled Gil Dobie.

But California's record was best when the team were below par, and California never "ide-tracked" anybody. The Bears met them all, and from 1920 to 1924, inclusive, turned back the best teams on the Coast, as well as successfully representing the West in two New Year's Day games at Pasadena.

M'COY WINS OVER HUGHES

Rochester Flyweight Captures Synthetic Title in Tame Bout at Hollywood Stadium

Johnny McCoy, "Windy" Windsor's 112-pound veteran from Rochester, won the synthetic flyweight championship of the world last night when he took a decision over Tommy Hughes, Cleveland scrapper, after ten of the tamest rounds imaginable.

Scribes Here to Cover Game

San Francisco will be well represented in the press box at the Coliseum today when the California Bears meet the Southern California Trojans in the "big game" here this season. Five of the Bay City scribes have been sent south to cover the grid battle. Here's the line-up: Ed R. Hughes, Chronicle; George Davis, Bulletin; Pat Frayne, Call; Bill Lester, Examiner, and Harry Borba, News.

BEARS WILL WIN—ROPER

BY W. W. (BILL) ROPER

California-Southern California: "I believe California will win." Stanford-Oregon: "Oregon hasn't shown enough strength to warrant its defeating Stanford." University of Washington-Washington State: "Washington should win." Yale-Dartmouth: "The game will be a thriller, with honors about even."

Navy-Ferris: "A hard game. I favor the Navy." Columbia-Cornell: "Cornell, by a close score." Penn State-Lafayette: "I favor State."

NO GRID DUCATS LEFT

There will be no tickets on sale at the Coliseum this afternoon for the Southern California-California game. Arnold Eddy, chief of the Trojan ticket bureau, announced last night that every ducat

general admission or otherwise, has been disposed of. Fans who expected to purchase tickets at the Coliseum will accordingly only waste their time and be disappointed if they carry out their intentions.

Occidental Out for Revenge in Annual Grid Clash With Caltech Eleven

TIGERS PICKED TO TAKE CLASH

Bengals Have Full Strength Back in Line-up

Coach Stanton Expected to Uncork Surprise

Conference Rivals Battle on Patterson Field

Eleven growing Tigers, eager for feast and hungry for revenge, are slated to entertain a similar number of Engineers of Pasadena in the annual gridiron clash at Patterson field this afternoon.

The annual grudge battle between the Occidental and Caltech teams is the main event of the day.

A grudge battle it will be, from start to finish. The Tigers were ousted out of the championship, though they defeated Pomona in the final game, simply because Coach Stanton's charges upset the dope and grabbed a decision over an invading Bengal eleven last season, and so the maddest afternoon to avenge its defeat and enjoy a possible feast.

Occidental will start its total strength, according to schedule, and take little if any chance from the start of the fracas.

With the exception of Harris Hiltch, who has been removed to guard from end, the Bengal starting line-up remains the same as that which battled Arroyo, Santa Barbara and L.A.C. and the rejoining of several first-stringers after recuperation from injuries.

At ends, Wendall Smith and Alan De Hoog will get the first call, with Ed Jones and Ted Elsworth starting at tackle and Milt Mash and Harris Hiltch at guards. Al Kilen is slated for first work at the snapper-back berth of center.

The strength of the Tiger backfield will also open in the first quarter. It is expected, with Capt. Broke at quarter, Roselle and Ward Schweizer at halves, and George Pusco, at fullback, Roselle, Cluibert and other injured first-stringers, are back in the line-up and raring to go, according to Executive's announcement yesterday.

MICKEY RILEY BRINGS TROPHY

(Continued from Eleventh Page)

The Honolulu team formed a team following the Honolulu meet and invaded the Orient, returning with most of the medals and silverware available in the lower Kingdom. Mickey Riley got his share of the loot, as attested by bulging suit cases from which medals and trophies came at every crack.

HELEN WILLS BOWS TO COEN ON COURTS

KANSAS CITY, Oct. 28. (P)—Wills, former national boy's champion, defeated Helen Wills, women's tennis champion, 6-3 and 7-5, in exhibition singles at the Rock Hill Tennis Club here today.

GONZAGA FACES ST. MARY'S

SAN FRANCISCO, Oct. 28. (P)—Gonzaga University's football squad, numbering twenty-three players, arrived here today for the game with St. Mary's College at Kezar Stadium, Sunday.

LEVINSON WINS WALKER

NORRISTOWN (Pa.) Oct. 28. (P)—Battling Levinson, former light heavyweight champion, slugged his way to a ten-round judges' decision over Willie Walker of New York.

RELANDS WINS OVER CHAFFEY UNION, 6-0

RELANDS, Oct. 28. — Slipping, slipping, sliding and slipping over a wet field the lightweight teams of Redlands and Chaffey Union played a game of tag, Redlands winning, 6-0. Avila, classy fullback of Redlands, ran the end for long gains and the team passed to Burke for the Redlands score. The line-ups:

SAGEHENS IN SAN DIEGO FOR GRID BATTLE TODAY

San Diego, Oct. 28.—Pomona's varsity football team arrived here this afternoon and will stay at the Hotel Del Coronado tonight, meeting the San Diego State College Aztecs in the high school stadium tomorrow. Coach Eugene W. Nixon arrived early with his two punters, Harold Merritt and Foke Hartman, and worked out with them on the scene of the game before supper. Nixon also brought several ends and Malcolm Archibald, center, early in the afternoon. Twenty-seven athletes were in the Sagehen party. They included Capt. Jack Manley, Harold Merritt, Foke Hartman, Lee Williams, Lyle Martin, Manley Natland, Clarence Bishop, Frank Dyer, Stew Hagstead, Dick Bell, Wilfred Mitchell, Don Mayes, Seymour Tucker, Stuart Gregory, Lloyd Miller, Virgil Russell, George Rodecker, Dick Badham, Belman Morin, John Judy, Malcolm Archibald and Ernie Nichols.

Coach Oak Smith's Long Beach team, which is still undefeated in league play, will meet the Aztecs tomorrow at 2 p. m. in the high school stadium.

OBSERVATIONS

By The Innocent By-stander

WELL, boys and girls, we don't know what you're going out to the Coliseum to see today, but we'll list our expectations as follows:

(1) Lots of punting by California.

(2) Plenty of thrilling runs by the Trojans.

(3) Sparky Williams to shine for the Trojans.

(4) We don't know who is going to win. We haven't bothered to guess. A win by either team is a triumph for us all.

Neither would we be surprised at a win by a margin of two or three touchdowns, or either of the squads. That leaves a whole lot of latitude, doesn't it?

Rather than attempt to arrive at a deep conclusion we made a census of folks who had seen the game before and their opinions as to their hope and reasons for same.

We find that the majority of the folks who had seen the game before are of the opinion that the Bears are a good defensive team.

They are inclined to believe that the Bears are likely to win under a bone-crushing attack and defense.

And there you have it. There is a certain amount of justice in the opinion of the folks who have seen the game before. Most of the coaches we have talked to favor the Trojans.

They are inclined to believe that the Bears are likely to win under a bone-crushing attack and defense.

How a Pigskin Classic Looks to Englishman

Bill Henry BROADCASTING

When the Trojan-Bear aggregations face each other this afternoon, Philip Hewitt-Manning, leader page editor of the London Daily News, at present a guest member of The Times' editorial staff, will be on the 50-yard line trying to find out what it's all about.

Hewitt-Manning will watch his first football game and will listen to the first display of American rooting and enthusiasm.

His story on the game will appear in the special section of the London Daily News and will contain his personal observations and reactions to a gridiron classic.

With the exception of McCaslin, Boren's place U.S.C. will line up as a team of the future.

At the other end, Hibbs and Scheving at tackle, Heiser and Anthony at guard, Barragar at center, Thomas, Edson, Saunders and either Drury or Williams in the backfield.

The kick-off is scheduled for 2:30 p.m.

With a Bear a splendid ball carrier. The Cornell attack is beautifully devised and well executed. Against Princeton the Cornell kicking game was none too strong, due to some untoward circumstances.

Penn State to date has a more impressive record than any other team in the country.

Crack, the Lafayette coach, has a crack material. I have seen him in action and he is a real find.

Point will have a real test against Bucknell. The Army is a mighty hard nut to crack on the ground.

While the soldiers haven't gotten together yet, they are a team of real soldiers, with great backs.

BRUINS BOUNCE BULLDOG GRIDS

U.C.L.A. Skids Over Redlands for 32-0 Win

Solomon Shines for Locals With Long Passes

Fleming Held Back for Game With Sagehens

Skidding to a 32-0 victory over Redlands University on a sloppy field, the U.C.L.A. Bruins are now tied with Pomona College for the Southern California Conference leadership with three wins and no defeats.

The Sagehens are likely to forge ahead when they play San Diego State today, which will give both eleven perfect records when they clash next Saturday in the Coliseum.

Except for a couple of brilliant passes dispensed by Ed Solomon, La Buehrie scored the first touchdown for the Bruins.

BEAR FROSH GRIDDERS TACKLE TROJAN BABES

TACKLE TROJAN BABES

BEKLEY, Oct. 28. (Exclusive).—The customary noise and bustle of a student center was missing today from the vicinity of the University of California campus with several thousand undergraduates and post-graduate Californians in their way south for the Trojan football game tomorrow.

Ordinarily a lively and busy as a bustling bee-hive, the campus and surrounding country was as quiet (although not as forlorn) as an earthquake struck today.

To judge from the present look of the situation, they'll be able to count noses tomorrow afternoon at the Memorial Stadium when the Trojan frosh and the California Babes have it out in a contest expected to determine the championship of the "Big Three."

Mitchell has what is styled California's finest looking first-year aggregation in seasons, while Southland enthusiasts say quite a lot for their own youngsters. The natural result, therefore, can hardly be seen than an interesting fight. To combat the light, Mitchell has a few scintillators himself in Joe, Coffey, Bealey, Medaich, Whiter, Lausten and Joe Hicklin.

Both teams, Capt. Russ Avery will hold down right end and Roy Dennis, the 200-pound line-man, will be left tackle.

NEW YORK BOND PRICES

NEW YORK, Oct. 28. (AP)—A small volume of new issues was reflected by more general activity and firmer prices in the bond market today. However, with money easy, bond owners were still reluctant to part with their holdings, so that transactions, except in a few cases, were rather small. Doubtless the unsettled condition of the stock market caused some investors to shift their attention to mortgages, which led to renewed improvement of some high-grade issues.

The week's new offerings fell short of the \$300,000,000 mark for the first time in three weeks, but the amount rose to a formidable total above \$150,000,000. Some of the new issues which have arrived in a veritable flood this month, are still awaiting absorption, but this condition has not yet given acute enough to effect a serious strain on the trade in listed bonds.

Although the demand for high-grade railroad issues was good, there was some profit-taking toward the close of the session, when fair gains by Erie, St. Charles, Rock Island & 1-2 and several others were reduced. Frisco 4s and Lake Shore 4s duplicated their previous highs and Great Northern 4-1/2s made a new high.

St. Paul dropped a point. Low 6s with warrants gave a good account of themselves, but other industrials were quiet. Aside from a drop of 1-1/2 in Brooklyn Union Gas, the rest of the market was quiet.

Reflecting the weakness of the stock market, there was little of interest in the utility group.

Firm tenders ruled the Federal government list, particularly in the Treasury issues, the 4s and 4-1/2s selling at new peak prices for the year.

The foreign group appeared to be in a little better shape than in various recent sessions, but declines were nevertheless numerous enough to offset the gains.

Some of the recent sales of bonds on the floor of the New York exchange, the 4s and 4-1/2s, were particularly noteworthy.

Domestic bonds were generally quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Foreign bonds were also quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Utility bonds were generally quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Industrial bonds were also quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Government bonds were generally quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

High-grade bonds were also quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Low-grade bonds were generally quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Medium-grade bonds were also quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

High-yield bonds were generally quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Low-yield bonds were also quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Medium-yield bonds were generally quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

High-risk bonds were also quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Low-risk bonds were generally quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Medium-risk bonds were also quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

High-risk bonds were generally quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Low-risk bonds were also quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Medium-risk bonds were generally quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

High-risk bonds were also quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

Low-risk bonds were generally quiet, with a few exceptions. The 4s and 4-1/2s were particularly active.

NEW YORK CURB STOCKS

NEW YORK, Oct. 28. (AP)—Industrial stocks fluctuated violently on the curb market today, many losses being recorded peaks, but in a wave of liquidation which swept the market in late dealings, many lost their earlier gains and several closed lower than the day before.

Ford Motor of Canada gave a pyrotechnic display, soaring to 500, a record top, but lost all gain and closed 5 points net lower at 570. Deere & Co. closed a 4-point loss after touching 210. American Rolling Mills, which has risen about 10 points in the week, started out with a rise of 3 points, but lost it in the profit-taking rush, with a fractional net gain for the day. Swift International responded to reports from London that the South American meat war had been settled and went to a new high for the year, but retreated, although closing fractionally higher.

General Baking stock was active, but reacted, closing 1-1/2 lower. Preferred stock of Spanish Paper and Pulp soared a net gain of 13 points on a small sale.

Check Made of Sun-Maid Sales and Advertising

Sun-Maid Raisin Growers' Association, constantly checking methods and expenditures on advertising, found in a recent survey of housewives canvassed, 101,321, or 85 per cent, expressed a definite preference for Sun-Maid raisins. The survey was made by the company's advertising department. It is also interesting to note that the special survey made among the housewives of the Los Angeles area, indicated that 81.5 per cent of the farmers' wives preferred Sun-Maid raisins. This preference for Sun-Maid raisins, because it means that, under Sun-Maid brand can be sold even in the most remote areas, and a premium in price can be obtained for the trade by reason of their preference, the company stated.

PERMITS GRANTED

The following permits have been granted by the Board of Public Works: J. J. Investment Company, to build a building on the corner of Broadway and 11th street, Los Angeles, Cal., for a value of \$100,000. J. J. The Lancer

By Harry Carr

THE finding of two fossil remains near San Pedro suggests an interesting chapter of a distant past.

At one time Los Angeles must have been a huge jungle, yelling and alive with wild beasts. It would seem that this lush tropical life must have gone, then come again for many of the tropic animals seem to be separated by long eons of time.

In all probability it was due to the shifting of the winds; which brought rains in one condition; drove them away in the next.

When the rainfall was withheld the jungles dried up; and the huge lizard animals migrated or starved. And the saber-toothed tiger, which sank his long tusks into the necks while he sucked their blood, died with them.

SWALLERS THE JUICE

There might be some difference as to the ethics of keeping a gila monster in the woods; but the wife who got a divorce the other day was unreasonable in other things.

Certainly, if he chews tobacco, there can be no reasonable objection to his swallowing the juice.

THE VALUE OF ROYALTY

It is a blessing that all the kings did not lose their jobs during the various European revolutions; for, without royal families, there would be no adequate way whereby to advertise cigarettes.

A DVICE TO LOVELOVE

It looks to me as though the grand dukes and the royal princes and so on were cutting in very cruelly on the movie actors. Those unable to horn in on the cigarette advertisements are writing signed pieces for the syndicates about love.

In other days, 100 goes for a sign when an heir to a throne was born; but when a new royalty arrives now, 100 cigarette advertising agents hurry posthaste to the cradle to sign him up.

TOUGH JOB

The next President of the United States will have his hands full. No wonder Mr. Coolidge does not hanker after the job.

The affairs of Europe will be so hectic during the next ten years that we would not want to keep out of them; but will never be able to.

Oddly enough, our very desire to live a life apart is what will inevitably drag us in. It works out thus: That we desire to maintain a higher standard of living for our workers. To do this we must compete with European low wages to manufacture in immense quantities. This involves seeking world markets. We can only maintain our separate lives—by not living separate lives.

LET TEN TIT IT

Although Admiral Magruder feels very much hurt and abused, I wonder what he would do to a lieutenant under his command who peddled similar navy secrets to the newspapers.

VALUABLE INSTEP

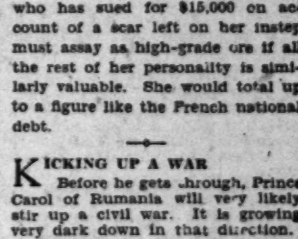

The young lady of Long Beach who has sued for \$15,000 on account of a scar left on her instep must assay as high-grade ore if all the rest of her personality is similarly valuable. She would total up to a figure like the French national debt.

KICKING UP A WAR

DOCTOR FREED IN KELLY CASE

Charge of Concealing Facts
in Death Dismissed

Evidence Held Too Slight to
Win Conviction

Miss Mackay's Appeal on
Same Count Pending

Dr. Walter J. Sullivan, Hollywood physician, yesterday was released on a charge of "concealing facts" in connection with the fight that cost Ray Kelly, vaudeville actor, his life last April.

The charge was dismissed by Judge Bishop of Superior Court on motion of Dr. Walter J. Sullivan, who told the court he does not believe there is sufficient evidence available to obtain a conviction of Dr. Sullivan.

The physician and Dorothy Mackay, actress, were accused jointly of concealing facts in the fight which resulted in the death of Kelly, a vaudeville actor, as a result of the fight between the "song and dance" man and Kelly.

Commenting on the dismissal of the charge against Dr. Sullivan, Dr. Sullivan said he will be a waste of money to attempt to contest the physician because the "case against him is too thin."

BIRD'S-EYE VIEW OF STATE ROSY

(Continued from First Page)

for individual liberty, a "right for a fundamental of life, the freedom of the individual to find sustenance where he could."

That right, he declared, was not carried on in a spirit of antagonism but only in a spirit of straight-forward duty and duty.

D. F. McCarry, president of the chamber, presided at the luncheon, welcomed the audience and pointed out that the prosperity of any country is but the multiple of individual prosperity.

"As the influx of population continues to California," he declared, "it becomes necessary to provide the newcomers with gainful occupation, development and extension of our resources and to provide greater markets for our industry."

But he warned against neglecting those things which are not material and obvious but which are equally important. The congested sections, he declared, must be recognized and must be given consideration in proportion to their numerical strength or otherwise will follow.

HALE FOR UNITY

President Hale of the Development Association also spoke, pointing out that only contact and discussion between men in different lines can solve the problems of the state be settled. Thus the association fills a vital place in the life of the state, he declared. There is no north or south, there is only California and the geographical terms which are used to designate but not to separate the state.

"The prosperity of one is the concern of all and we who come from north of the Tehachapi are deeply interested in your welfare, as our numbers here will attest."

William May Garland returned the compliment, discussed the San Francisco growth and development and declared that the Bay City possesses the heart of the Southland because of its romance and charm.

Definite recommendations were forthcoming from nearly each of the committees of the association.

A campaign to conserve the fish and game resources of the state was outlined by E. W. Murphy, chairman of the conservation committee. He also urged adequate fire protection for Yosemite and the addition of camping facilities in the park.

Standardization of the steel industry, which has increased its payroll by 35 per cent, was urged by the suggestion made that an expert from the Department of Commerce be called in to aid in this work. The limitation of foreign steel and iron imports likewise was recommended in order to protect the California manufacturers of these products to grow.

MINERAL OUTPUT GAINS

A great increase in mineral production was reported and a recommendation made that the law relative to filing claims on mineral land be revised to eliminate present abuses.

A state-wide campaign against the puncture vine, particularly on the lands which have become sources of infestation, was recommended by C. C. Teague, chairman of the agricultural committee.

It was announced that the next meeting of the association will be held at Yosemite in December of 1928. A feature of the session was a fashion review staged by Peggy Hamilton, "Times" fashion editor. Among the directors of the as-

RAISIN CROP UNDAUNAGED

Entire Harvest Under Cover Before Rain Came, Says
Growers' Chief Now in Los Angeles

The recent rainfall did no damage to the raisin crop, Ralph Merritt, head of the Sun-Maid Raisin Growers, said here yesterday. Mr. Merritt is in Los Angeles for the annual conference of the California Development Association.

The raisin crop has been harvested, and is all under cover, Mr. Merritt said, and therefore was unharmed by the rain. The quality this year is the highest, he said, while the volume is equal to that of last year. The raisin growers, he added, are looking forward to a very prosperous yield.

The raisin-grower production in 1926 was 280,000 tons, an increase of more than 300 per cent over the production of the years between 1910 and 1914. Figures issued by the college of agriculture, University of California, indicate a steadily increasing consumption of raisins.

In 1925 the dried raisin crop totaled 170,000 tons, which sold for

HIS RELEASE ECHO OF MACKAY TRIAL

Charge of Concealing Facts
in Death Dismissed

Evidence Held Too Slight to
Win Conviction

Miss Mackay's Appeal on
Same Count Pending

Dr. Walter J. Sullivan, Hollywood physician, yesterday was released on a charge of "concealing facts" in connection with the fight that cost Ray Kelly, vaudeville actor, his life last April.

The charge was dismissed by Judge Bishop of Superior Court on motion of Dr. Walter J. Sullivan, who told the court he does not believe there is sufficient evidence available to obtain a conviction of Dr. Sullivan.

The physician and Dorothy Mackay, actress, were accused jointly of concealing facts in the fight which resulted in the death of Kelly, a vaudeville actor, as a result of the fight between the "song and dance" man and Kelly.

Commenting on the dismissal of the charge against Dr. Sullivan, Dr. Sullivan said he will be a waste of money to attempt to contest the physician because the "case against him is too thin."

BIRD'S-EYE VIEW OF STATE ROSY

(Continued from First Page)

for individual liberty, a "right for a fundamental of life, the freedom of the individual to find sustenance where he could."

That right, he declared, was not carried on in a spirit of antagonism but only in a spirit of straight-forward duty and duty.

D. F. McCarry, president of the chamber, presided at the luncheon, welcomed the audience and pointed out that the prosperity of any country is but the multiple of individual prosperity.

"As the influx of population continues to California," he declared, "it becomes necessary to provide the newcomers with gainful occupation, development and extension of our resources and to provide greater markets for our industry."

But he warned against neglecting those things which are not material and obvious but which are equally important. The congested sections, he declared, must be recognized and must be given consideration in proportion to their numerical strength or otherwise will follow.

HALE FOR UNITY

President Hale of the Development Association also spoke, pointing out that only contact and discussion between men in different lines can solve the problems of the state be settled. Thus the association fills a vital place in the life of the state, he declared. There is no north or south, there is only California and the geographical terms which are used to designate but not to separate the state.

"The prosperity of one is the concern of all and we who come from north of the Tehachapi are deeply interested in your welfare, as our numbers here will attest."

WORSHIP TO BE REVIVED

Congregational Conference Will Restore Devotion
to Place Usurped by Social Work

The re-establishment of worship as the foremost activity of the church is the purpose of a conference of Congregational ministers of Southern California at the First Congregational Church Monday. The chairman will be Rev. Lloyd C. Douglas, D.D., pastor, First Church.

The conference will be under the auspices of the national Congregational Commission on Evangelism and is one of a series being held in the larger cities across the country. The discussion here and at the other conferences will be led by Rev. Frederick L. Fagley, D.D., of New York City.

And the Rev. Frederick L. Fagley, D.D., of New York City, executive secretary of the commission. A discussion of the ministers upon the best ways to promote worship is being obtained through these conferences. The conference which will be held at the First Congregational Church Monday, is planned, will furnish the basis for a new movement to restore worship to the place of supremacy in the life of the Protestant churches.

"In these latter years the church has developed a strong sense of community and social service," said Dr. Fagley in his introductory address. "These activities are good and worthy and there are valid reasons why they have been established and continued. But while the Christian church is the agency of social reconstruction, it's duty is to rebuild the individual lives which will make possible continued social reconstruction."

Dr. Fagley declared that the church must make life increasingly valuable and rewarding. If the church is to do this, he said, it must first of all seek to lead men and women into a personal acquaintance with God. This can be done only through effective modes of worship.

CHURCHES TABOO THRILLS

If all the English preachers who quarrel over the question of a new origin should announce a verbal battle royal in a Los Angeles church, it would hardly cause a stir, so accustomed are local churchgoers to hearing sensational topics freely discussed from the pulpit.

However, the majority of Los Angeles pastors are averse to the idea of discussing the nature of the deity and the humanistic side of religion will not be forgotten and at almost every church of the Community Chest.

"Can a rational and profound thinker accept a personal God?" This question, suggested by Dr. Michael Pupin's assertion that "science is leading us to God," will be discussed by Dr. Fagley in his sermon tomorrow morning at the Wilshire Boulevard Congregational Church. Dr. Fagley, associate pastor of the church, will speak on "Broadcasting." At the Youth Forum, in the evening, Judge Carlos S. Hardy, head of the judicial department of the Superior Court, will speak on "The Curse of Crime."

"WHERE IS GOD?"

Rev. Harry Bell, Dean of St. Paul's Cathedral, will preach tomorrow morning on "Where is God?" A prayer service will be conducted at 4 p.m. Following the organ recital by Dudley W. Pich at 7:15 p.m. "Using the Letters."

"A DOG'S THEOLOGY," a sermon dealing with the duty of citizens to support the Community Chest, will be preached by Dr. Lloyd C. Douglas tomorrow morning at the First Congregational Church. At the evening service the new picture "The Voice of God" will be shown and Dr. Douglas will preach on "A Dog's Theology."

"THE VOICE OF GOD"

Another play for popular support of the Community Chest will be shown at the Wilshire Presbyterian Church tomorrow morning, when it will be shown at the Church School of World Friendship at 7 p.m. Ings Bettersen will speak on "Leave From a Missionary's Day Book."

"SINCERITY VS. SHAM"

"Why I Believe in Immortality" is the subject of a sermon to be preached by Dr. J. A. Bay tomorrow morning at the Wilshire Presbyterian Church. In the evening the motion picture "Annabelle Lee" will be shown, and Dr. Bay will preach on "Sincerity vs. Sham."

"INSIPID CHRISTIANS"

"The last vestige of Christianity is insipidity," declares Dr. Herbert Booth, pastor of the Wilshire Presbyterian Church, who will preach tomorrow morning on "Insipid Christians" at the Wilshire Presbyterian Church and Rev. Thomas Holden, pastor of the Wilshire Presbyterian Church, will preach on "Insipid Christians."

"THE EIGHTH WONDER"

Rev. Harry Anderson, pastor of the Temple Baptist Church, will preach tomorrow morning on "The Eighth Wonder of the World" and "The Old Rugged Cross." Dr. Ray Hastings will give an organ recital at 7 p.m.

"BETTER SAMARITAN"

"Indiscriminate private charity does more harm than good and the public should be educated to give only through the agencies equipped for proper investigation of cases," in the opinion voiced yesterday by Rev. E. Burdette Backus, pastor of the First Baptist Church, who will preach tomorrow morning on "The Better Samaritan" at the First Baptist Church. In the evening Dr. Backus will discuss "Comparative Religion."

BROTHERHOOD SERVICE

Dr. Henry C. Culbertson, pastor of the Plymouth Congregational Church, will be the speaker at 10 a.m. tomorrow at the Times building, where he will discuss "The Brotherhood Service." At 7 p.m. the church will give a service for the Brotherhood Service.

"THE EIGHTH WONDER"

Rev. Harry Anderson, pastor of the Temple Baptist Church, will preach tomorrow morning on "The Eighth Wonder of the World" and "The Old Rugged Cross." Dr. Ray Hastings will give an organ recital at 7 p.m.

THE WATCHMAN

Trend of Political Thought and Action

Presaging an active year in the realm of politics, the initial meeting of the Republican Women's Study Club yesterday developed an enthusiastic determination among its members to elect Republican candidates to various national and local partisan offices but to achieve such elections by a greater percentage of the registered vote than heretofore has been recorded.

This early commitment of the Republican women to a campaign for a more comprehensive expression of the electorate was made in response to a carefully prepared and absorbingly interesting analysis by Mrs. Laura Taylor Kelly, whose discussion of current political matters have been a feature of the Study Club's deliberations since its inception.

Failure of a majority of the qualified electors in the United States to exercise their suffrage actively jeopardizes the efficient administration of government as contemplated under the Federal Constitution, in Mrs. Kelly's opinion.

SPEAKERS AS PROPHECY

She did not, however, limit her remarks to comments on the lamentable aspects of nonvoting, but predicted, amid some applause, that the next United States Senator will be a Southern Californian and that the Republicans probably will nominate a "strong" man for Governor.

As regards the indifference of the electors of the nation, Mrs. Kelly said:

"We call ourselves a self-governing people and stand afar and look on at the efforts of other countries to self-government. Yet Great Britain's vote at a general election is 52 per cent; Germany casts a 75 per cent vote; Canada 71, Italy 64."

REPUBLICAN IN HISTORY

you can't let the children have out with their meals. That's out of the hard to say "No" to their "Please," still if your children are among the milk.

way out of the difficulty! Serve de-with-milk, the drink that schools give as part of the noon-day lunch. Just put a teaspoonful of Instant four in hot (not boiled) milk, add ingredients of any kind. Instead, a wheat and bran, plus all the body of milk. A drink with a smooth, n. Children love it—even children alone!

Instant Postum. Order it today—en at dinner tomorrow. And try it either milk or boiling water. Postum's good for everyone of every age.

STUM

you can enter Postum's \$10,000 Prize in the Postum Company, Inc., Raffle instructions.

PLANE WING WRECKAGE IDENTIFIED

Broken Part Cast Up by Sea Declared to be from Navy, Probably Discarded

The piece of airplane wing which caused much conjecture Thursday when it floated into Redondo Beach was identified yesterday by Capt. Walter F. Parkin, inspector of the Bureau of Aeronautics, United States Department of Commerce, as a fragment of a navy plane. According to Capt. Parkin, it is of new material and was probably thrown overboard by a navy vessel on account of being defective. Its construction is distinctive of navy planes and is not used elsewhere.

LOST MAIL PLANE REMAINS UNLOCATED

Dick Bowman, Pacific Air Transport air-mail pilot, who leaped with a parachute from his plane in the dense fog more than a mile in the air at 8 o'clock Wednesday morning when his plane went out of control, returned to the airport on Mesa Drive yesterday afternoon after a two-hour unsuccessful search for the wrecked plane in the vicinity of Castaic. He was accompanied by Pilot Lippitt of Clover Field in another plane.

Council Passes on Employment of Expert Ready

The employment by the Board of Water and Power Commissioners of Lester L. Ready, former chief engineer of the California State Railroad Commission, as an electrical expert in connection with Colorado River development, was yesterday authorized by the City Council.

HEARING ANNOUNCED

Councilman Rice-Wray, chairman of the City Council's Building and Safety Committee, announced yesterday that at the request of a number of organizations interested in the proposal to place boiler and elevator inspection work under the supervision of the Board of Building and Safety, the Council's hearing on this matter will be held November 7.

NANCY PAGE

A Doughnut or a Cruller Tastes Equally Good to Peter

By Florence La Gamba

No autumn season is complete without cider and doughnuts or coffee and doughnuts. Nancy bought the doughnuts usually, for she did hate to smell up the house not to mention herself, her clothes and her hair. But when she wanted especially good doughnuts she made them herself, and then she protected her hair with a night-fitting cap.

DOUGHNUTS

Nancy's rule was as follows: One cup sugar, one-half teaspoonful salt, two tablespoonfuls melted shortening, two eggs, one cup sweet milk, one-half teaspoonful vanilla, four level teaspoonfuls baking powder, five cupfuls flour.

It took Nancy some time to learn that too much shortening in the dough caused the doughnut to absorb fat when frying.

Sugar, salt and melted shortening are mixed, slightly beaten eggs are added, then the milk and dry ingredients alternately. Roll dough one-half inch thick, cut with doughnut cutter, fry in hot fat until chestnut brown.

What about some mailed letter to serve with doughnuts? Send a self-addressed, stamped envelope to Nancy Page, care of this paper, for leaflet on "Beverages."

7 Days Furniture and Home Furnishings BULLOCK'S

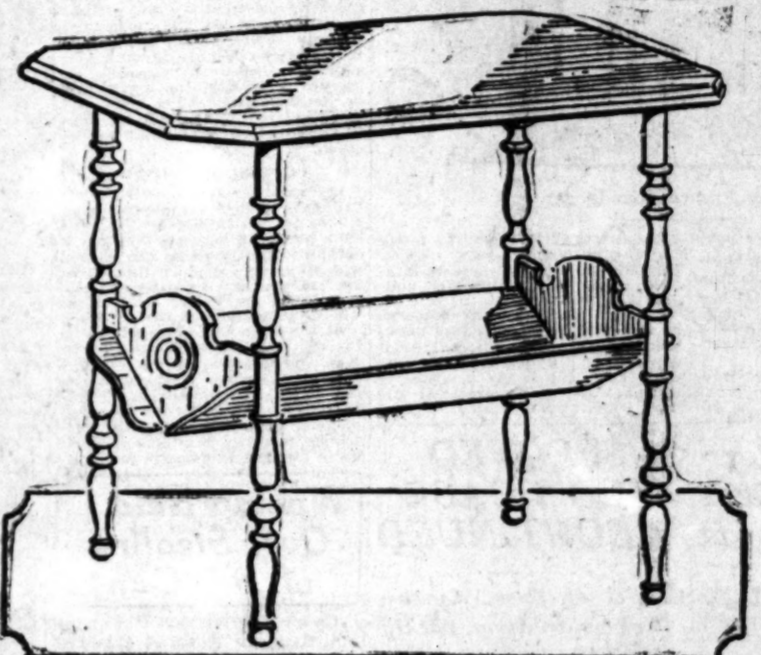

Buy your Furniture and larger Home Furnishings purchases on Bullock's Deferred Payment Plan.

The First SATURDAY

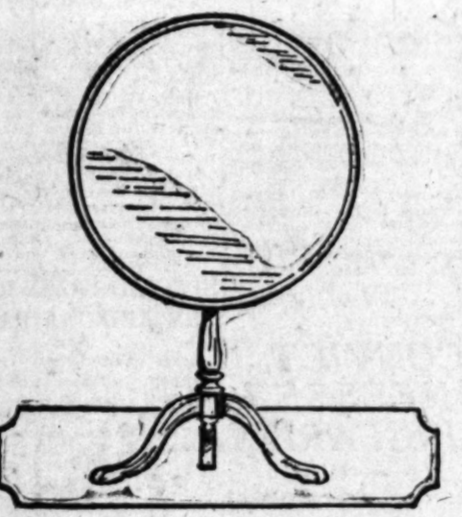

Solid Mahogany End Tables, \$7.95 Until "One o'Clock Saturday"

Welcome the Rain!

All honor to the Rain! It could scarcely have come at a more propitious time (as far as Bullock's is concerned). When it rains one stays home. And then one sees how badly the Dining Room Rug needs replacing; how much more attractive the corner by the fire would be with a tiny tilt top table and a great comfortable Portsmouth Wing Chair . . . Dark skies may prove a fashion barometer and bid us hang color at the windows . . . Which suggests that one trip out in the rain may mean years of enjoyment during future rains! Bullock's entire division of Home Furnishings offers values

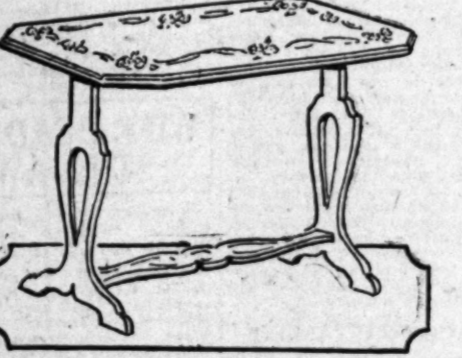

End Tables of solid mahogany! 500 such as this one illustrated! Well proportioned; carefully constructed. With just enough carving to relieve the severity of line . . . Book trough at the most convenient height from floor. The Table stands 24 inches high; is 12 inches wide and 24 long. Order by phone if you cannot get into town today. TRinity 1911.

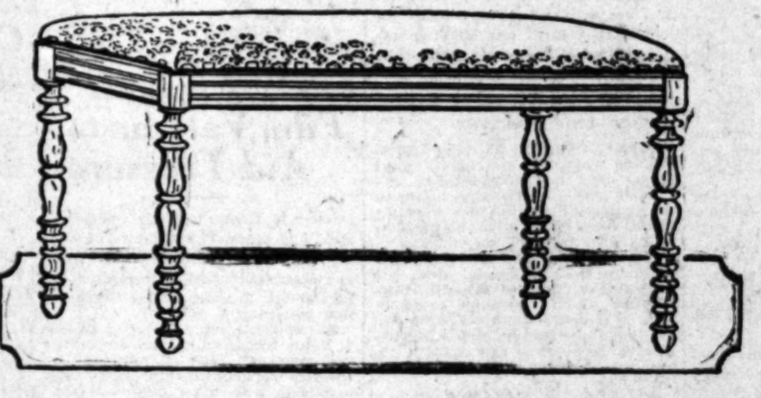

Tilt Top, \$13.50

Of Solid Mahogany. Tables such as this, are joys to give as gifts. If you wish, Bullock's will deliver this table at Christmas time. There is a refinement of line . . . a delicacy of feeling in the design. Decidedly belonging to Furniture of Good Taste!

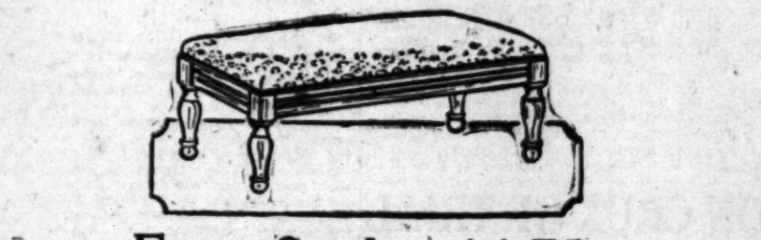

"Decorative" \$16.75

Individually decorated Tables . . . twenty-five only . . . each a charming thing. And how astonishing that Furniture of this order can be offered so inexpensively!

Fireside Benches, \$17.75

A variation of the usual thing in Fireside Benches. These are slim of line, handsomely upholstered. The frames are of solid mahogany; the fabrics . . . brocettes, imported antique damasks and imported tapestries. Those upholstered in brocette and damask are \$27.75. Those in tapestry, \$17.75 (illustrated).

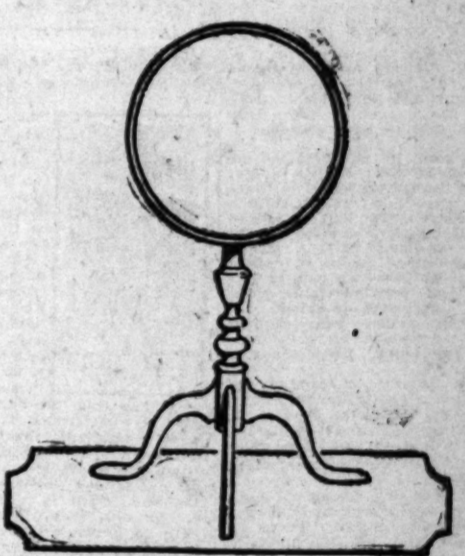

Foot Stools, \$6.75

Solid mahogany Foot Stools quaintly old fashioned . . . and by the same token . . . smartly modern. Covered in brocettes. Imported Damasks and imported tapestries. At \$6.75. Foot Stools, 10x16 inches. At \$7.95 . . . 10x24 inches.

Furniture, Bullock's Seventh Floor

Good Taste

Every item on this page represents a phenomenal value in Occasional Furniture of Good Taste. Such an aggregation is a tribute to the Ideals of Bullock's new Furniture Era. In the good taste of each; in the more than moderate pricing. This same good taste prevails in the Bedroom, Living Room and Dining Room Furniture. Every product of Bullock's Upholstery Shop is constructed with the belief that a few pieces, carefully, tastefully chosen, are better than many bought at random, in haphazard fashion.

Tilt Top, \$9.75

A creation in Furniture of exquisite taste . . . these little Tilt Top Tables, \$9.75. They are ever so decorative; and very smart. Witness the fact that the country's finest decorators sponsor them!

Lydington, \$16.75

Copied accurately from an antique Gateleg . . . and quite as excellent in every point but years. These are made of solid mahogany; done in an "aged" finish.

Phenomenal Values in Furniture of Good Taste! "One o'Clock Saturdays"
